

# CQC COMPLIANCE

## Your Public Health Action Support Team

PHAST is your dedicated partner for public health expertise, working to improve community health and well-being.

# Is your Trust ready for the CQC Challenge?

In the ever-evolving landscape of healthcare, ensuring compliance with CQC standards is crucial. PHAST CIC is a experienced health consultancy who can streamline your path to CQC readiness with our practical evaluation solutions, backed by the successful track record and expertise.

- CQC preparation for a well led inspection

## Our Offer: Two Practical Steps to Patient EDS Compliance

1. CQC Health Checkup: Review Trust readiness for a well-led inspection to include board preparation, mock interviews and tailored support for board members.
2. CQC Analysis, Recommendations, and Roadmap: Dive deeper into CQC-related areas and assessment of current successes, challenges and opportunities. Deliverables include a report of your status against standards you need to meet, tailored recommendations, and a roadmap for seamless implementation.

## Why PHAST?

**Commitment to Excellence:** As a CIC, we share your commitment to raising the bar for healthcare standards.

**Proven Evaluation Success:** Our track record speaks volumes, demonstrating our ability to enhance compliance and operational best practices.
